Corporate Profile

Incorporated in April, 2013, KTrade (formerly known as Khadim Ali Shah Bukhari Securities (Private) Limited has recently converted from a private limited concern to public unlisted company). KTSL is principally engaged in providing brokerage services in stocks, money market instruments, foreign exchange and commodity trading. The company is associated with KASB group, one of the oldest groups operating in the capital markets business. The company also provides research services and Margin Financing Services. Major Shareholding of the company is vested with Oxford Frontier Capital Limited.

KTSL is a public unlisted company holding a Trading Rights Entitlement Certificate (TREC) granted by Pakistan Stock Exchange Limited (PSX.) External auditors of the company are Naveed Zafar Ashfaq Jaffery & Co Chartered Accountants which belong to 'B' category on SBP's approved list of auditors.

Rating Factors Scores

Regulatory Requirements & Supervision

- Overall regulatory supervision framework is adequate; however, limited board size of 3 members and lack of independent representation is a constraint on ratings.
- Recent change to public unlisted company has been noted.
- The company is in the process of revising the board composition in line with best practices.

Internal & External Control Framework

- Well disseminated conflict of interest policy among staff members is noted.
- Daily reporting of personal trades to compliance is viewed positively.
- Procedures are in place for preserving confidentiality of clients together with periodic review of the same.
- External disclosure may be further strengthened by appointing auditors from SBP's approved 'A' category list along with inclusion of director's report and CEO's statement in the annual financial statements of the company.
- Overall internal and external control framework remains sound.

Client Relationship & Fairplay

- Client servicing procedures are proficient with mobile trading application, online customer reports and trade execution alerts readily available to customers.
- Communications focus on improving customer understanding.
- Company's overall relationship with clients is considered sound however availability of complaint section on the website header may improve visibility for customer facilitation.

HR & Infrastructure

- Fully integrated Enterprise Resource Platform (ERP) is in place.
- Organizational structure is compatible with the size of the company's operations.
- Independent risk management function is viewed positively.
- For further strengthening business continuity systems, back up with third party may be considered.

Compliance & Risk Management

- Segregation and independence of internal audit and compliance departments is viewed positively from ratings perspective, however outsourcing of internal audit to a local firm is noted.
- Periodic review of trade procedures is maintained.
- Low concentration of institutional customers (less than 10%) exposes the company to greater volatility risk.

Financial Management

- The company's topline witnessed significant improvement during FY20 on the back of increased brokerage commission. Revenue base from other sources remains small. Augmenting the same may be considered.
- While efficiency levels recorded improvement in FY20, they remain higher at 142% (FY19: 300%) Higher operating expenses against recurring revenues are a constraint on ratings.
- Liquidity profile remains adequate.
- Overall capital structure of the company is adequate, gearing remained nil while leverage increased to 1.2x (FY19: 0.5x) during FY20.
